## ACTIVE INGREDIENTS

<b>Amino acids Blend</b>	It moisturises, strenghtens hair structure, protectes color and renew brilliance. The combined and balanced action of amino acids and Sodium PCA favours optimal assimilation of all elements.
<b>Argania Spinosa Kernel Oil</b>	Emollient and conditioning. It is exceptionally rich in natural tocopherols (vitamin E) phenols and phenolic acid. Argan oil properties effectively repairs damaged hair – whether from chemicals or the natural elements. It moisturizes dry and frizzy hair, actively prevents split ends and restores the shine in otherwise dull-looking hair.
<b>Hydrolyzed Rice Protein</b>	It adds natural shine and highlights to the hair and by increasing the ability of the hair to bind moisture, it leads to increased flexibility and tensile strength.
